

RESPONSIBLE RECREATION

Welcome and thank you for respecting our beloved mountains. Here's how you can do your part to take care of the places we all love.

1 Be responsible with fire

Respect local fire restrictions. Make sure your fire is cold to the touch before leaving camp.

2 Make the health of others your priority

Know the latest health guidelines.

Practice common courtesy & kindness!

3 Pack it in, pack it out

Properly dispose of all trash you create, including pet and human waste.

4 Reduce your impact

Avoid times and places of high use. Bring reusable containers.

5 Know your limitations

Never put yourself or others at risk for the sake of a bucket list summit or the perfect picture for social media.

6 Respect wildlife

Keep a safe distance. Never feed wildlife. Don't leave trash or food for animals to find.

7 Protect the local drinking water

Recreate responsibly around waterways and fisheries. Pack out all your fishing line.

8 Travel sustainably

Walk, bike or ride (free) public transportation when possible. If driving, don't invent your own illegal parking by pulling off the road and damaging plants and land.

Leave the Eastern Sierra better than you found it!
